

Sure, they're both phones, but which one would you use?

When you have a choice, you choose the best. And when it comes to your family's health, you won't settle for anything less.

That's why we're excited to announce that Centra has been selected as one of only 50 health care organizations nationwide—and the only health care system in Virginia—to receive the Premier CareScience Select Practice award for superior patient care. This places Centra

among the top 1% of hospitals in the country to be honored for the highest levels of quality and efficiency.

As Virginia's health care leader, your health is our sole purpose. We are here to help you—our family, our friends and our neighbors—get back to the life you love. When you want the best, we are only a phone call away.
